Sprint 2 Report

Decentralized Application Framework (DAPPF)
Kirill, Anthony, Garrett, Shishir, Vincent
11/1/21

Actions to stop doing:
- The team should stop holding long meetings and focus more on the Scrum meeting portion.
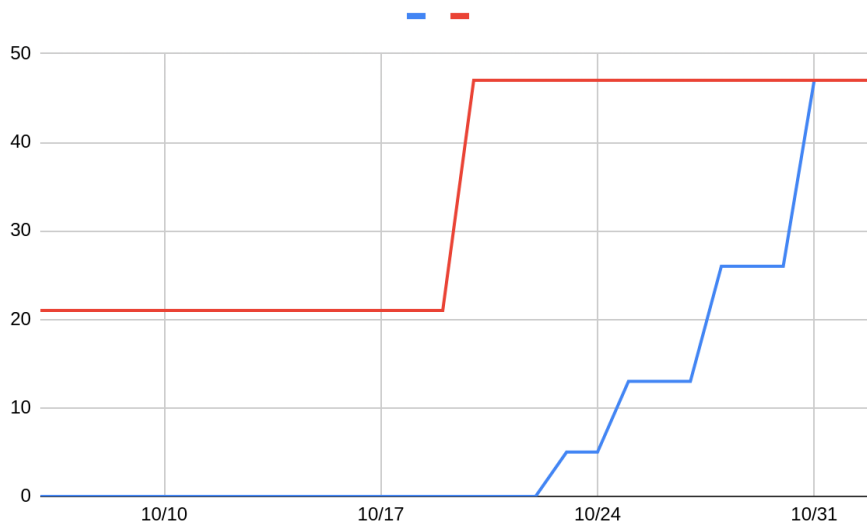

Actions to start doing:
- The team should make sure to update everyone on their progress, and inform the team if they are running into issues.

Actions to keep doing:
- The team should continue to schedule meetings between 2pm - 5pm, because we have teammates in other countries, and holding meetings has shown to improve productivity as compared to the previous sprint.
- The team should continue to hold more meetings during the week, because we need to know what portion of code each team member implemented.

Work completed/not completed:
- Completed:
    - As a developer, I would like to connect two nodes
    - As a product owner, I would like to secure my user's data
    - As a developer, I would like to reduce data sent
    - As a developer, I would like access to documentation about the framework
- Not Completed:

Work completion rate:

Sprint #	Sprint 1	Sprint 2	Average
User stories completed	0/1	4/4	
Estimated Work Hours	20	30	**25**
Number of days worked	8	8	**8**
User Stories/Day	0	0.5	**0.25**
Work Hours/Day	2.5	3.75	**3.125**
