Sprint 3 Report

Decentralized Application Framework (DAPPF)
Kirill, Anthony, Garrett, Shishir, Vincent
11/15/21

Actions to stop doing:
- The team should focus on smaller, more manageable tasks from user stories rather than larger tasks that are difficult to complete.
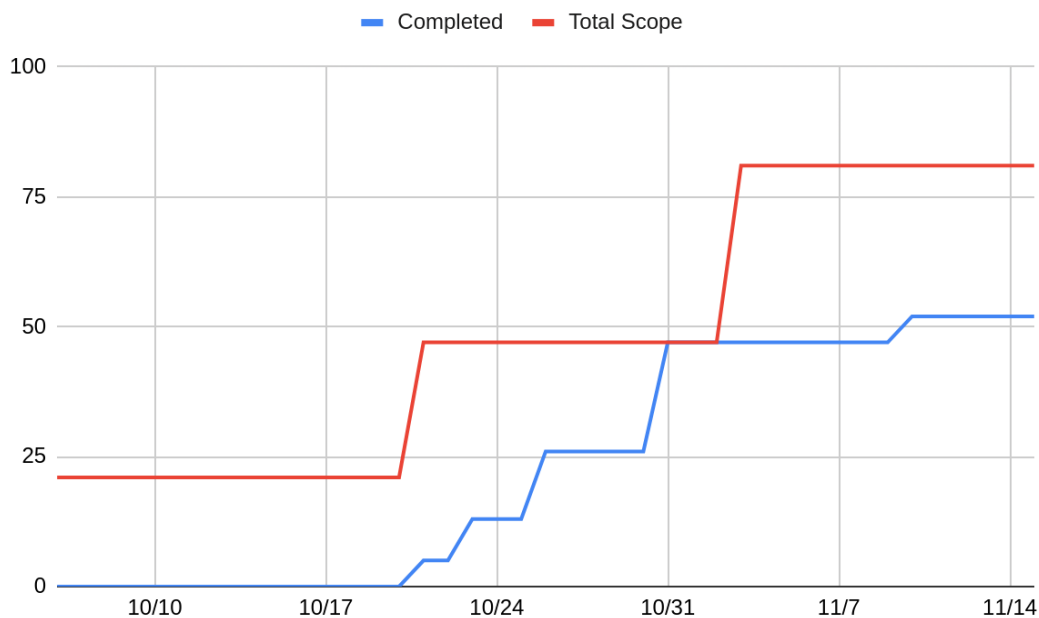

Actions to start doing:
- The team should start working on improving communication outside of meetings, and give progress updates when they are not able to attend meetings.

Actions to keep doing:
- The team should keep hosting consistent meetings and discussing progress updates.
- The team should continue putting in consistent time and effort into the project.

Work completed/not completed:
- Completed:
  - "As a developer, I would like to check the communication packet validity"
- Not Completed:
  - "As a developer, I would like to bind event listeners"
  - "As a developer, I would like to cache my user's data"
  - "As a developer, I would like to implement runnables"
